

\*\*\*STAND BACK TRAIN APPROACHING\*\*\*

You're running down the steps and \*beep beep\* the doors close. Runners & Riders just departed and you missed it. Don't worry, here's the [link](#). Luckily the next train is direct to the dance floor and there's even a bar(bican) in the back carriage where you can pre. The last set of doors in the carriage do actually open - they take you to the smoking area.

You'll be pleased to know there are no strikes planned for the week.
